

## TIGERFLEX™ DRAIN HOSES

flexible non-insulated drain hoses

### FLEXIBLE NON-INSULATED DRAIN HOSE

#### RECOMMENDED USE

Drain hose.

#### KEY FEATURES AND CHARACTERISTICS

- Convoluted construction, provides exceptional kink resistance that provides a very tight bend radius for difficult installations;
- Antimicrobial insulation, inhibits growth of bacteria and other microorganisms;
- Smooth bore, minimises internal flow restrictions;
- Convenient sizes to fit most applications;
- Service Temperature: -20°C to +65°C;
- Phthalate free.
